

Putting Ambitions into Action

- Course Duration** Two days
- Course Cost** £60 per person to include:
All course materials, refreshments and a light lunch
Funded Places are available to applicants from Rowans Hospice, Southern or Solent NHS Trusts
- Target Audience** This course is suitable for Community Nurses and Qualified Allied Health Professional's working in End of Life Care in Hospices, Hospitals or the Community.
- Course Aims** To enhance knowledge and skills within Palliative and End of Life Care for those working in the community setting that are regularly managing patients in this area of care.

Course Information

The course will cover many essential End of Life Care topics to improve the quality of care, including:

- Looking at how national and local policies impact and influence every day practice
- Person centred, personal choices and shared decision making
- Sensitive communication and supporting families
- Spirituality and diversity
- Loss, grief and bereavement
- Care of the dying in the last few days

Course Benefits

Provides opportunity and reflection to identify from your clinical practice where and when interventions have worked well and where it has been less successful, to consider and give valid rationale for decisions such as: DNACPR and withholding antibiotics and discover new approaches and ideas that you can take back to your practice
