

## Virtual Syringe Driver Training

<b>Course Duration</b>	2 hours (via Microsoft Teams)
<b>Course Cost</b>	£70 per organisation or £25 per person if individual staff booking
<b>Target Audience</b>	Registered nurses who use a McKinley T34 syringe driver.
<b>Course Aims</b>	This training course updates your existing knowledge to safely practice and explore the reasons for setting up and managing a patient requiring a syringe driver.

### Course Information

This course will cover elements such as:

- Accountability, advantages and disadvantages
- Common drugs used and conversions

Please note we will provide a certificate of attendance only. This session will not check or sign off competencies of setting up a Syringe Driver or administering drugs; a policy will need to be in place in your own workplace to ensure competencies are checked within the team.

### Course Benefits

Many have found this course helpful to maintain confidence in the use of this syringe driver and enjoyed the opportunity to consider drug use and review drug conversions.
