

Dear enquirer,

I am delighted that you have shown interest in the role of Director of Care at Rowans Hospice. Rowans has both a proud history and an excellent reputation for service delivery that has been built over the past 30 years. However, times are changing for hospices, and like other hospices across the four nations of the UK, Rowans must now find a new blueprint for the next 30 years. This is a wonderful opportunity for a motivated and driven senior clinician to make their mark in the hospice world and to join us at the start of something very special, as a key member of the new team that we are building here.

Since I took up my role at the end of July 2023 we have appointed a new Medical Director and we are recruiting to the posts of Director of Income Generation and Head of HR. Alongside our Director of Finance, ICT and Facilities, the new team will deliver our twin aims for the future – to be a centre of excellence in the provision of very specialist palliative care within the Hampshire area and to be financially sustainable in the long-term.

If you are an exceptional clinical leader who delivers only high-quality services, who is also innovative and thrives on challenge, please apply using the details in the application pack. I really do look forward to learning more about you and the journey we could take together.

If, before applying, you would like to know more about the role, I would be delighted to have an informal conversation with you - please contact Sharon Libby, HR Administrator on 023 9225 0001 who can arrange for us to have a telephone conversation at a mutually convenient time.

Thank you again very much for your interest in Rowans.

Kind regards,

Kirsteen

Kirsteen Murray (CEO)
